

This **AquaSMART** lesson booklet provides a variety of activities designed to teach children ten important lessons on water and boating safety. These activities teach children about aquatic and boating safety, weather and geographical considerations, and pollution prevention.

In addition, these activities help your child understand that while water sports are fun, they can also be dangerous if proper precautions are not taken. By reinforcing these ten safety lessons, you will help your child make the right decisions and follow rules that prevent accidents from happening in and around the water. When children learn safety lessons at an early age, it serves to protect them into adulthood.

These 10 AquaSMART lessons on water and boating safety can help save your life and the lives of others:

- ① **Learn to Swim!**
- ② **Wear a Life Jacket!**
- ③ **Learn to Float!**
- ④ **Learn to Rescue Safely!**
- ⑤ **Look Before You Leap!**
- ⑥ **Don't Overload Your Boat!**
- ⑦ **Stay With Your Boat!**
- ⑧ **Learn the Boating Rules of the Road!**
- ⑨ **Alcohol, Drugs and Boating Don't Mix!**
- ⑩ **Keep Our Waterways Clean!**
